SUMMARY

Detail-oriented MERN Stack Developer with 6 months of internship experience and a 9.30 CGPA. Proven ability to build real-time applications using Socket.io and secure RESTful APIs.

PROFESSIONAL EXPERIENCE

- MERN Stack Intern — [Glitchover]6 Months (JUNE-DECEMBER-2026)
- Worked as a **MERN Stack Developer** building scalable features using MongoDB, Express.js, React.js, and Node.js.
 - Implemented **JWT authentication** and **real-time updates** using **Socket.io**.
 - Developed an **Influencer Analytics Dashboard** and a **Blog CMS** with SEO optimization.
 - Integrated **OBS streaming links** and automated link generation.
 - Tested applications using **Jest**.

TECHNICAL SKILLS

Frontend:	Backend & DB:	Tools:
- React.js, JavaScript, Tailwind CSS - HTML5, CSS3, GSAP, PYTHON	- Node.js, Express.js, Socket.io - MongoDB, Mongoose, JWT Auth	- Git, GitHub, VS Code - Thunder Client, Postman, Render

KEY PROJECTS

- Real-Time Bus Tracking System** – A full-stack solution for live fleet monitoring.
 - Integrated **Leaflet.js/Google Maps API** for dynamic map visualization and also **PWA** version.
 - Utilized **Socket.io** to deliver low-latency live location updates across **User, Driver, and Admin dashboards**.[GitHub](#) | [Live Demo](#)
- IdeaHub** – A community platform for sharing startup innovations.
 - Built secure **JWT authentication** and interactive features like likes/comments.
 - Enhanced UX with **Framer Motion** for modern, fluid transitions.[GitHub](#) | [Live Demo](#)
- Hostel DMS (2025)** – Daily grocery and vegetable management system for hostels.
 - Built a **web-based system** to manage daily grocery and vegetable entries with structured data handling.
 - Enabled **create, edit, and update** of records with secure and efficient workflows.
 - Added **Excel file download** functionality for offline access and reporting.[GitHub](#) | [Live Demo](#)

EDUCATION

BSc CS & IT Silver Oak University, Ahmedabad CGPA: 9.30 2023 – Present	12th (HSC) MJCKR, Gujarat Board Percentage: 88.54% 2023
